About twenty-five of the youth and beauty of Marlinton got up a sled ride and made a journey to Edray Friday night, much to the edification and enjoyment of many.

Allen Gay has purchased the Dill stock of groceries, recently advertised for sale in these columns. He has also rented the store room and will move his own stock from the Cunningham building to that stand.

Whoever happens to be at Clifton Forge station when No. 147 comes up, drawing train No. 4 from Charlottesville will be apt to say he has seen the largest passenger locomotive in the world, it is expected to make fast time over exceptionally heavy grades, and what is noteworthy some of the fastest speeds have been attained by engines of this type over heavy grades.

What might have resulted in a serious accident occurred at the Gay home near town last Wednesday. Rex Kincaid was fooling with a Savage rifle and threw a cartridge into the magazine, but, the gun being hammerless, he did not know it was ready for business, and pulled the trigger. The bullet went through a desk, splitting it, and then through a log wall.

FRANKLIN RENICK.

It is our sad duty to record the decease of Franklin Renick, Esq., near Academy on January 9, 1903, aged about 76 years. By his death his family is bereaved of a kind father, his friends, of a good neighbor and the county at large of an intelligent public spirited citizen. He was an enthusiastic farmer and was among the first to introduce improved methods of managing live stock and tilling the soil.

He was a native of Greenbrier county, youngest son of the late Hon. Wm. Renick, near Falling Springs, but for many years has been identified with our citizenship.

The writer cherishes his memory as a life long friend, and would pay this as an expression of the high esteem he has ever had for him, from boyhood even down to old age. W. T. P.

Oldest Horse in Pocahontas Co.

G. H. McLaughlin reports that he has one of the oldest, if not the oldest, horse in the county. It is a black mare named "Maud" which has been in his family 27 years, having bought her when she was four years old. Up to that time she had been owned by no less than seven men. She is of the "Red Eye" stock once so famous in this County, and for many years she was a steady worker always to be relied on in a pinch. She is now enjoying a well earned rest, nothing being required of her whatever. Although she has reached such an advanced age she eats hay and meal well, and from general appearances will live to enjoy many more years.

## Lyle on The Church

Such is the title of a very remarkable book of its kind, just published by the Rev. Geo. T. Lyle, of Alderson, West, Va. The author shows himself a workman, that needs not be ashamed by the painstaking ability he has used in clearing up one of the most important questions that can possibly claim human attention.

While many may differ from his views, yet no one can justly impeach his earnestness and profound acquaintance with the Holy Scriptures.

While the writer of this book notice hopes and believes that many of the ministerial brethren, may be as level-headed, and mighty in the scriptures, as the worthy author of the new book, a book too that is new in more senses than one, yet none more level headed have as yet come my way, so far as I have had access to the writings of living brethren, in books, newspapers, and reviews.

As an example of mutual in parvo, expressed in terse transparent terms, it is unique, and while the authors views may be disputed, I do not know where to look for one to refute them, from the scriptures pure and simple, as to the authors main contention, that Jesus Christ was a minister of the circumcision for the truth of God, to confirm the promises made to the fathers, therefore Jesus came not to destroy but fulfill.
